

2023 MSGA WOMEN'S STATE TEAM CHAMPIONSHIP UPDATED INCLEMENT WEATHER POLICY

If **only some** of the matches are affected by weather, the following applies:

In the case of inclement weather, if a course is open and carts are available (and the other course is closed or has no carts), then ALL PLAY will be at the open course.

If, during the matches, play is suspended due to weather, matches will need to resume from where they were suspended. The length of suspension for matches not to resume on the same day should be decided between the golf course and captains. All reasonable efforts to resume should be made. If matches played on a Saturday are not completed due to weather, then those suspended matches will need to be resumed on the following day (Sunday). The next round will be bumped thus requiring the use of a rain date. Bumping rounds and the utilization of rain dates is determined on a flight basis, as some flights may not have weather issues, and therefore not need to utilize a rain date.

If matches are not completed on the following day, the matches will need to be resumed during the week. The team captains will be responsible for working together to determine a make-up date prior to Saturday. If a make-up date cannot be agreed upon by the team captains, the MSGA OIC/SIC will intercede to determine a solution. If all else fails, the MSGA OIC will flip a coin to determine which team advances.

*Four-Ball partners must remain the same should play be suspended and need to resume the following day. If one member of the side cannot resume, their partner would continue playing on behalf of that side.

Team captains will be notified by 9am on the day of play if a decision to cancel **ALL** matches is made.
